PROFESSIONAL PROJECTS

- ### LEADS:

Here I have worked on several apps for Banks and NBFIs. I have developed eWallet apps and eKYC apps for banks that are currently being used by thousands of customers. Here are the names of some apps:

- **SJIBL Net** : This is the eWallet app for Shahjalal Islami Bank along with eKYC.

- **Ezy Bank** : This is the eKYC app for Dhaka Bank.

- **FSIBL Cloud** : This is the eKYC and eWallet app for First Security Islami Bank.

- **Uttara eWallet** : This is the eKYC and eWallet app for First Security Islami Bank.

- **BD Finance** : This is the eKYC app for Bangladesh Finance.

- **Rakub eWallet** : This is the eKYC and eWallet app for Rajshahi Krishi Unnayan Bank.

- ### Square Group:

Here I have been working on the development and maintenance of several in house apps for different companies under Square Group.
Here I am working on both native android and cross platform technology.

- **PAAI** : This a mobile app for Square Agrovet. This contains all the necessary instructions of poultry farms along with symptoms of diseases with recommended medicines.

- **SPA** : This is Sales Process Automation app for Square Food & Beverages and Square Toiletries. This app is being used by the MPOs of the companies to process the orders and completing their targets.

- **SPA Dash** : This is a dashboard app for Sales process automation, and it is used by the higher authorities of the company to monitor the targets, growths and revenue of the company.

- **E-Learning** : This is an e-learning app for Square Pharma. They use it to train their medical officers. Users can read different topics and participate on quizzes. Also there are notifications, surveys and online class system.

- **DIDS** : This is a mobile app for doctor management. This app is used by medical officers of Square Pharma to attend doctors based on markets.

PERSONAL PROJECTS

QuickFoods 🔗
